MESSRS. EDITORS:—People are asking me almost every day why some one of our distinguished fellow-citizens does not consent to represent Maury County in the next Legislature. The answer made by most of those urged to run is that it does not pay a man of talents to leave a lucrative profession or business and go to the Legislature, where he will only get four dollars a day. This is a very selfish view for any one that lives upon the patronage of the people to take, but it is a very natural one. I think I have found one exception to this rule, in the person of Hon. John V. Wright, who thinks it is a man's duty to serve his people, whether it will pay or not. He would be a Representative of whom our county might well be proud. When quite a young man he was elected to Congress by a neighbor but he is known all over the State, and candidate, nor will be annour people want him to run, let them manifest it.

I write this with the understanding Mr. Gordon has made us an able and valuable Floater, and I hope he will consent to again represent his people.

It has become so that the position of member of the Lexistature of Tennessee goes begging with those who are best fitted to be our law-makers.

This is deeply to be deplored by reflecting and patriotic people. The example of the great States of the Union should be imitated. In New York such men as W. H. Seward, or Daniel S. Dickinson, besides all of her great citizens, felt themselves, even when old men, highly honored in being members of the State Lexislature, and so with many others of the most honored and renowned of the States. It is now so that the State is totally deprived of the counsel and wisdom of her best men. It becomes our imperstive duty to insist that we have the advantage and benefit of the patriotism and ability of the State. Then let Maury County send one of her wissest and best men,—one whose send one of her wissest and best men,—one whose send financial views are unquestioned—whose clear perceptions of the emergencies of the hour are unsurpassed, and above all whose sterling integrity of character and utter freedom from party prejudice, render him pre-eminently suited for the position of Representative of Maury County in the next Legislature. MANUFACTURER AND VENDER OF

The Celebrated

For the Cure of

AGUE AND FEVER

OR CHILLS AND FEVER.

The proprietor of this celebrated medicine ustly claims for it a superiority over all remedies ever offered to the public for the saf certain, speedy and permanent cure of Ague and Fever, ar Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure if the directions are strictly followed and committee the standard of th rections are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, how ever, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good At Sheegog & Son's, as they have now th order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the tonic, a single dose of Bull's Vegetable Family Pills will be sufficient.

## SARSAPARILLA,

Read the following extract of a letter from Mrs. Rivers, wife of Reverened Dr. Rivers, one of the most learned, eloquent, and popular Ministers of the Methodist Episcopal Church, and who is at present stationed at Broadway Church, Louisville, Ky.

LOUISVILL KY., Oct, 8th, 1872. DR. JOHN BULL-DEAR SIR : Many thanks to you for the medicine you have so kindly given me. I have been a great sufferer for years, and had the advice of various physicians. ome pronounced my spine, some my lungs, rery eminent physicians who examined my spine informed me that I was threatened with paralysis or apoplexy any day, and that nothng but a setou would relieve me. I had a perfect horror of that, and was hesitating about having one inserted, when you kindly sent me your Sarsaparilla which I immediate y begun to take three times a day. I had suf-fered terribly with a most acute pain in the right side of my head, especially when I would read or write for any length of time, and on rising to my feet I would be perfectly blind for several minutes, and would have to hold to. mething to prevent falling. I am most happy to inform you that the pain my head is entirely relieved; I suffer but seldom with my spine and then not so acut ly. My appetite is good; indeed for the first time in my life I enjoy my dianer more tran You kindly sent me four bottles again last

my heartfelt thanks and best wishes. Very truly your most grateful friend, M. B. C. Rivzas. My journal abounds with similar letters, al of which I guarantee to be genuine and writ-ten by the persons whose names they hear.

Do not suffer yourself to be imposed on.

Don't be drawn away after new and doubtful experiments. Don't risk your health by letting novices experiment upon you with their trash-My Sarsaparilla has stood the test for tweav-five years; it is still the Sarsaparilly of day, and of the age, towering over all others in popu'arity and its curative qualities.

Avoid all those who are trying to paim of on you other extracts of Sarsaparilla so-called. Remember it is Dr. John Bull's Sarsaparilla, of Louisville, Kv., that is the old and reliable

BENTON BARRACKS, Mo., April 30, 1866 DR. JOHN BULL-DEAR SIR I Knewing the flicacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you he following statement of my case:
I was wounded about two years ago, was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I as wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature; I have more faith in your Sarsaparilla than anything else. I wish that which is genuine. Please express me half a dozen bottles, and oblige CAPT. C. P. JOHNSON,

P. S.—The following was written April 30th 1866, by Mrs. Jennie Johnson, mother of Capt.

Dr. John Bull-Dear Sir: My husband, Dr. C. S. Johnson, was a skillful surgeon and physician in Central New York, where he died leaving the above C. P. Johnson to my care At thirteen years of age he had a chronic diar rhea and scrofula, for which I gave your Sar-sana.illa. It cured him. I have for ten years recommended it to many in New York, that and Iowa, for scrofula, fever seem and general lebility. Perfect sugress has aftended it. The cures affected in some cases of scrofula and versores were almost miraculous. I am very your Sars parilla. He is fearful of gotting a purious article, heace his writing to you for it. His wounds are terrible but I believe he will recover. Respectfully
